

The Goodland Republic.

ESTABLISHED 1886.

GOODLAND, KANSAS, FRIDAY, NOVEMBER 29, 1901.

NO. 15.

STOLE A \$20 GOLD PIECE.

Willie Allen, a 14-Year-Old Orphan Boy, Pleads Guilty and Is Bound Over to the District Court.

Willie Allen, a boy of 14 years, was arrested and brought before Justice Cuthbertson Saturday on a charge of grand larceny. The complaint was brought by R. L. Peters, of Voltaire township and charged him with stealing a \$20 gold piece. On being arraigned the boy pleaded guilty and was bound over to the district court. H. M. Sherrod, of Charlotte, signed a bond for Allen's appearance at the April term of court and he was released from the custody of the sheriff.

Allen is from the Topeka Orphan's home and has been living with Charley Wells. He stayed over night at Mr. Peters' Friday and took the coin from a pocketbook. The money was recovered. Mr. Sherrod will keep Allen until court convenes.

Revival Meetings Close.

The union revival meetings at the Congregational church closed Sunday evening. Rev. Vernon J. Rose, the evangelist of the Christian church, preached every evening for two weeks. His sermon Sunday night was on the topic of "The Philosophy of Denominationalism," and was well received by the large audience in attendance. His sermon on Sunday evening a week before was on the topic, "The Man of Tarsus," and was a powerful sermon. Rev. Kirkpatrick, of Kirwin, and Rev. Jones, of Smith Center, members of the Congregational church, assisted in the services, Rev. Jones leading the singing. Although there were no very marked results from the meeting in the way of converts, there was a cordial feeling of Christian fellowship and brotherly love. A move was made looking to another series of union meetings in January, and committees were appointed to arrange the matter.

The Bazaar a Success.

The Ladies' Aid Society of the Methodist church held a bazaar at the opera house Friday and Saturday. The booths were tastefully arranged and there were offered for sale many fine articles of ladies' handiwork. A turkey dinner was served Friday and a chicken pie dinner Saturday. The venture was a decided success and \$115 was taken in and a net profit of \$80 realized. A unique feature of the enterprise was an art gallery gotten up by the little girls society called the "Busy Bees," of which Amy Bush was the manager, and was composed of bric-a-brac to be guessed at by the patrons. The admission was only five cents. Besides this the children had another booth and both ventures netted them \$25. Several pieces of fancy work contributed to the society brought as high as \$5. The ladies are well pleased with the success in which the bazaar met.

Presented a Souvenir.

A number of friends of Mr. and Mrs. C. E. Swarts assembled at the Swarts residence last Thursday evening and presented them with an elegant silver punch bowl. Mr. and Mrs. Swarts entertained their friends October 13, but the guests were not apprised of it being their twenty-fifth wedding anniversary until they arrived at the party. The guests afterward sent to a manufacturer in the east and had the punch bowl made and engraved appropriately, as follows:

October 13, 1876—SWARTS—1901.
From Immediate Friends,
Goodland, Kansas.

The bowl stands about 15 inches high, 18 inches across, and is of 18 pints capacity. It is gold lined and the label is in the design of lily of the valley.

Rev. J. Ed Stevens made the presentation speech and Mr. Swarts responded. The guests brought sherbet and punch and the bowl was given its first "wetting."

W. R. C. Banquet the G. A. R.

The ladies of the W. R. C. held a banquet in their hall Saturday to which the G. A. R. were guests. A long table was arranged in the hall and was loaded not only with the substantial but also with all the delicacies of the season. The table was filled twice and yet there was plenty left over.

Mrs. Malinda Adams, of Norton, was present and was introduced to the members and visitors. She is the department inspector and after the banquet the Corps held an inspection. All that could remain were invited to the home of Mrs. Kate Bray, department secretary of the W. R. C., for supper.

Mrs. Adams is the mother of Mrs. Luther, of this city, and is 86 years of age but is still sprightly. She will spend the week here with her daughter.

Dramatic Reader Coming.

Miss Bernice Rose, dramatic reader, will give a recital at the opera house Friday evening, December 6, for the benefit of the high school library. Miss Rose comes highly recommended and the entertainment should be well patronized. Talent from the high school will assist in the recital. An admission of 15 cents will be charged school children and 25 cents for adults.

THANKSGIVING HYMN.

Oh, God, a grateful hymn we raise;
A note of universal praise
Thy mercy we confess.
Thine arm of strength hath been our stay
Thy love hath lighted all our way,
Thy sovereign grace we bless.

We thank Thee for the fertile field
That did such ample harvest yield,
Gladdening heart and home.
Our every need Thou hast supplied;
Thy loving care hath satisfied;
With thankful hearts we come.

We thank Thee for Thy church, oh God,
Which on foundation deep and broad
Forever shall endure.
Increase her faith, and to her power
And in each dark and trying hour,
Lord keep Thy people pure.

For brighter hope and larger faith,
For life that triumphs over death
And love that never dies,
We thank Thee, Father, more and more,
And when this brief earth-life is o'er,
We'll praise Thee in the skies.

ROCK ISLAND ENGINEERS.

Several Among Those Included in the Denver News' Illustrated Write-Up of Men of the Throttle.

The Rocky Mountain News of Sunday, November 24, contained an extensive illustrated review of locomotive engineers running into Denver. Illustrations of R. F. Coots, Joe Berry, James Garrett and Mat Daly, Rock Island men well known in Goodland, were given, and the following extract from the write-up follows:

"The Rock Island company has another notable collection of veterans. Conspicuous among them are Mat Daly, Jim Garrett, R. F. Coots and Joe Berry. They are comparatively young men but their records will compare favorably with those made by their older brethren on the Union Pacific. Jim Garrett is known to almost every railroad man in the city and to a vast number of other citizens. He is in charge of the fast passenger between this city and Limon. He became an engineer when only 17 and was probably one of the youngest men ever entrusted with such a responsible position. He is now 38 years old. He has spent the greater part of his railroad life in this city. There is no more popular engineer connected with the system. R. F. Coots is Garrett's double, and they pass for brothers. Coots hails from Joplin, Mo., but Garrett is Irish. The pair furnish many good stories which circulate in railroad circles. They are regarded as among the best men connected with the system and seem to enjoy equal popularity with the management and their fellow employees. Joe Berry is a politician as well as an engineer and is the recognized democratic leader in district L. He never seeks political office but at caucus, primary or convention his influence is potential. Although only 35 he had the honor to bring the first Rock Island train into this city. He is now in charge of one of the passenger trains between this city and Limon. Mat Daly is another of the Rock Island's young men. He has been connected with the road since its advent into this city and is now running opposite to Berry on the Limon division."

Joe Morse Hurt in a Santa Fe Wreck.

Joe Morse, formerly a conductor on this division of the Rock Island, was cut and scalded in a wreck on the Santa Fe at Franconia, Ariz., November 21. Mr. Morse was in charge of the eastbound Santa Fe limited which crashed into the westbound limited, killing eight and injuring 14, mostly train and engine men. The blame for the accident is placed upon the crew of the westbound train, which disregarded orders and did not stop at Franconia to meet the eastbound train.

Mrs. Morse, the mother of Joe Morse, who is in Goodland at present, received a telegram Friday stating that her son was not fatally injured. He is scalded on the back, face and hands and suffers much pain. Mr. Morse is in a hospital at Los Angeles, and his wife and Mr. and Mrs. Dave Nulle, formerly of this city, are with him. Mr. Morse and his family live in Winslow, Ariz., and he runs from there to The Needles. He left Goodland about seven years ago.

Result of the Turkey Shoot.

A shooting contest for turkeys took place on the vacant lot south of Wallace Filer's residence Tuesday afternoon. Swan Nelson furnished the birds and M. D. Cuthbertson was chosen judge. The turkeys were not put up as marks but a target was substituted. The distance was 30 yards off hand or 40 yards at a rest. The winners were: Andrew Ericson, five; B. E. Coffin, two; Robert S. Hilton, two; and Doc Phillips, Hugh Robertson, Frank Thompson, Dan Derby, Ed Nason and John Bray each one bird.

The following are the names of the school teachers who went to Phillipsburg yesterday to attend the meeting of the Northwest Kansas Teachers' association: S. V. Mallory, Charles McCormick, J. R. Reed, O. A. Edwards, W. S. Coleman, Mrs. D. A. Long, Mimes Rose Filer, Nannie Linebaugh, Bessie Sexson, Annie Sexson, Nellie Marks.

Money in Broom Corn.

An exchange asks: "Why don't farmers grow more broom corn?" and adds that it has increased 100 per cent in price and is rising on account of a 50 per cent shortage in the crop. One of the Sterling, Kan., farmers says that he sold one wagon load that brought him \$250. Broom corn is not difficult to raise and will grow on any soil that will produce corn.

Good Advice.

An exchange whose editor knows
